

The Alzheimer's & Dementia Alliance of Wisconsin (ADAW) will help you navigate the complex maze of issues that can arise when you or someone you know is affected by early memory loss, mild cognitive impairment, Alzheimer's disease or other dementias.

The ADAW provides guidance, education, support and advocacy for those who live with this challenging diagnosis. There is not yet a cure, but there are strategies and treatments throughout the course of the disease that can help maximize the quality of life for all affected.

Contact us for help and support. We are your partner along the journey.

Testimonials

"This is my second educational class. I have learned more in these 2 classes than actively seeking info the past 2 years. This program is very valuable."

"This was all very valuable and I would attend any of these with different subjects – all was so good."

"Great programs offered providing good insight into dementia associated diseases and the needs of those with dementia associated diseases"

"Just started attending classes – glad there is a help line."

"The Alliance has been a great resource, source of support and helped with ideas to handle the stages of progression."

"I have learned many, many things through the Alliance. This awful disease takes a toll on loved ones and family and friends, so I am very grateful for the support."
